

SURENDHAR R

B.Tech – Information Technology

Tamil Nadu, India | 9043967775 | itssuren2409@gmail.com

PROFILE SUMMARY

B.Tech Information Technology graduate with hands-on experience in Java, HTML, MySQL, SQL, and data analysis, along with real-time system monitoring exposure through SCADA and HMI environments. Experienced in handling operational and healthcare datasets, process optimization, and technical documentation. Seeking an entry-level Full Stack Developer / Software Developer / Data Analyst role to build scalable, data-driven applications.

EXPERIENCE

MRF private limited, Perambalur | Automation Trainee | October 2024 – present

- Assisted in monitoring and configuring SCADA and HMI dashboards to track real-time production and machine performance data.
- Integrated industrial field devices with monitoring systems to ensure accurate data communication.
- Collected and analysed process data to identify inefficiencies and suggest basic automation improvements.
- Analyzed system data, alarms, and logs to identify operational inefficiencies and support incident resolution and RCA.
- Assisted in preventive maintenance activities and routine system checks to ensure equipment reliability.
- Followed safety standards, SOPs, and SLA requirements while working in industrial environments.

kvetch private limited, Trichy | Trainee Process Executive | July 2024-september 2024

- Processed and validated healthcare datasets with high accuracy while ensuring compliance with data confidentiality standards (HIPAA).
- Used SQL queries and Excel tools to verify insurance claims and identify data inconsistencies.
- Monitored workflow dashboards to ensure SLA compliance and timely task completion.

EDUCATION

- **Bachelor of Technology (B.Tech) – Information Technology**
K. Ramakrishnan College of Engineering, Trichy
2020 – 2024
- **Higher Secondary Certificate (HSC) – Computer Science**
SRV Matriculation Higher Secondary School, Trichy
2018 – 2020
- **Secondary School Leaving Certificate (SSLC)**
St. Little Flower Matriculation Higher Secondary School, Trichy
2017 – 2018

SKILLS

Programming: Python, Java, JavaScript

Web: HTML, CSS, Node.js, React.js

Database: MySQL, SQL, Oracle

Data & Analytics: Data Analysis, Statistical Analysis, reporting

Automation: SCADA, HMI Monitoring, PLC Basics (I/O Concept), Field Device Integration

Soft Skills: Problem Solving, Communication, Team Collaboration

COURSES & TRAINING

Pega University Program – Certified System Architect (CSA) & Senior System Architect (CSSA)

- Trained in low-code application development, case management, workflows, and rule-based automation.
- Gained hands-on experience in application design, deployment, and maintenance using the Pega platform.

Java Full Stack Development

- Java Full Stack Development – HTML, CSS, JavaScript, MongoDB, MySQL, Node.js, React.js REST APIs, CRUD Operations.

PROJECTS

Mini Project - Canteen Management (HTML | Python | MySQL | WampServer)

- Developed a web-based canteen management system using HTML, Python, and MySQL to automate food ordering and inventory tracking.
- Implemented CRUD operations and a structured database schema to reduce manual records and improve accuracy.
- Designed a normalized database schema to ensure efficient data storage and faster query performance.

Project - Students attendance and behavior analysis (HTML | Python | MySQL | WampServer)

- Built a data-driven attendance and behavior analysis system to identify student participation patterns.
- Used Python data analysis techniques to generate attendance reports and behavioral insights.
- Enabled early identification of absenteeism patterns, helping institutions take preventive actions.

CERTIFICATIONS & TRAINING

Java Full Stack Development

AWS Cloud Practitioner Essentials

Google Cloud Platform (GCP)

Certified System Architect (Pega)

Certified Senior System Architect (Pega)
